Carnivore Cognition: They Are What They Eat

01/27/2020

This event has been cancelled.

April 14, 2020 at 9:00 am
Sorenson Center for Clinical Excellence, Room 150

The Utah State Psychology Department and Dr. Jennifer Vonk present Carnivore Cognition: They Are What They Eat.

Dr. Jennifer Vonk is a professor of psychology at Oakland University. She will present research on a series of studies in Carnivora including behavioral inhibition in bears, cats, and hyenas, studies on black bear cognition, and domestic cat and human interaction.

Bagels & coffee will be served prior to the presentation and a Q&A session will follow.

One-hour of CE credit is available for psychologists.
